

## ANATIDAE SITE NETWORK IN THE EAST ASIAN FLYWAY

July 2004

Annotated list of Network Sites; asterisked are Ramsar Sites.

Site Importance	Listed Management Authorities / Participation Organisations	Co-ordinates	Area (ha)
-----------------	---	--------------	-----------

*Russia*

<b>Lake Khanka *</b>	14 May 1999	44°53'N, 132°30'E	310,000
The Lake supports breeding flocks of Whooper Swan, Greylag Goose, Swan Goose, Falcated Duck, Baikal Teal, Mallard, Spot-billed Duck, Garganey, Shoveler, Baer's Pochard and Tufted Duck; and staging flocks of Whooper Swan, Bean Goose, White-fronted Goose, Pintail, Wigeon, Falcated Duck and Common Teal.	<ul style="list-style-type: none"> <li>● <b>Administration of the Khankaisky Nature Reserve</b>, 10, Ershov Str., Spassk-Dalniy, Primorsky Krai, 692210 Russia. TEL +7-42352-23775 / TEL&amp;FAX +7-42352-23138 / E-mail: khanka@mail.primorye.ru</li> <li>● <b>Committee of Primorsky Region for Environmental Protection</b>, 93 Pushkinskaya Street, Vladivostok, 690091 Russia.</li> </ul>		
<b>Torey Lakes *</b>	14 May 1999	50°05'N, 115°32'E	172,500
The Lakes supports breeding flocks of Swan Goose and Baer's Pochard; moulting flocks of Swan Goose; and staging flocks of Greylag Goose, Bean Goose, Ruddy Shelduck, Common Shelduck, Mallard, Spot-billed Duck, Common Teal, Baikal Teal, Falcated Duck, Gadwall, Wigeon, Shoveler, Common Pochard and Common Goldeneye.	<ul style="list-style-type: none"> <li>● <b>Administration of the Daursky Nature Reserve</b>, P.O. Box 50, Nizhni Tsasuchei, Chita Region, 674480 Russia. FAX +7-30252-71559 / E-mail: root@daur.chita.ru</li> </ul>		
<b>Selenga Delta in Lake Baikal *</b>	14 May 1999	52°17'N, 106°22'E	12,100
The Delta supports breeding duck species (61% dabbling duck and 39% diving ducks) of 20,000-138,000 individuals; moulting flocks of Wigeon, Common Teal, Falcated Duck and Pintail; and staging flocks of 7,300-18,300 ducks.	<ul style="list-style-type: none"> <li>● <b>Baikalsky Nature Reserve</b>, Tankhoi, Kabansky District, Buryat Republic, 671120 Russia.</li> <li>● <b>State Committee of the Buryat Republic for Environmental Protection</b>, 21a Solnechnaya Street, Ulan-Ude, 670015 Russia.</li> </ul>		
<b>Lena Delta</b>	14 May 1999	73°10'N, 126°00'E	2,850,000
The Delta supports breeding flocks of 15,000 White-fronted Geese, 10,000 Tundra Bean Geese, 5,000 Brent Geese, 6,000 Tundra Swans and c. 200,000 ducks: King Eider, Steller's Eider, Long-tailed Duck and Pintail.	<ul style="list-style-type: none"> <li>● <b>Lena-Nordenskiold Biological Station</b> Contact: Dr. Vladimir Pozdnyakov, deputy-director, head of Research Division of "Lena-Nordenskiold Biological Station", Kulakovskogo street 12-59, Yakutsk, 677007 Russia. Tel: +7-411-2-446 815 / Fax: +7-411-2-241 290</li> </ul>		

<b>Biosphere Reserve and Zapovednik "Taimyrski"</b>	14 May 1999	73°50'N, 100°00'E	1,600,000
---	-------------	-------------------	-----------

The Zapovednik supports breeding and moulting flocks of 50,000-70,000 White-fronted Geese (western Palearctic population), 3,000-4,000 Bean Geese (East Asian populations) and 30,000-40,000 ducks: King Eider, Steller's Eider, Long-tailed Ducks.

● **Biosphere Reserve and State Zapovednik "Taimyrski"**, Poliarnaya Street 6, a/ya 31; 663260, Khatanga, Taimyrski Autonomous District, Russia. Tel: 6 42 23. Director: Dr. Yuri Karbainov.

<b>Zapovednik "Khakasskii"</b>	14 May 1999	52°30'N, 091°00'E	274,600
--------------------------------	-------------	-------------------	---------

The Zapovednik supports breeding, summer concentration and staging flocks of Whooper Swan, Tundra Swan, Bean Goose, Common Shelduck and other duck species.

● **Zapovednik "Khakasskii"**, Krilova street 49a, Abakan, Khakasiya, 655017 Russia. Tel: +7-39022-6-42-23 / E-mail: reserve@khakasnet.ru / URL <Russian>: http://www.reserve.khakasnet.ru

### Mongolia

<b>Terhiyn Tsaggan Nuur *</b>	14 May 1999	48°10'N, 099°43'E	6,110
-------------------------------	-------------	-------------------	-------

The Lake supports breeding, moulting and staging flocks of Whooper Swan, Bar-headed Goose and duck species.

● **The Administration of the Khangai Nuur Natural Parks**, Tsetserleg, Arkhangai Province, Mongolia.

<b>Ogii Nuur *</b>	14 May 1999	47°46'N, 102°46'E	2,510
--------------------	-------------	-------------------	-------

The Lake supports breeding and staging flocks of Swan Goose, swan and duck species.

● **The Administration of Ogii Nuur Sum**, Arkhangai Province, Mongolia.

---

### China, P.R.

<b>Sanjiang National Nature Reserve, Heilongjiang Province *</b>	14 May 1999	47°55'N, 134°22'E	198,100
--	-------------	-------------------	---------

The Nature Reserve supports breeding and staging flocks of over 20,000 individuals: Swan Goose, Bean Goose, Greylag Goose, Whooper Swan, Pintail, Common Teal, Falcated Duck, Mallard, Wigeon, Garganey, Shoveler, Baer's Pochard, Tufted Duck, Mandarin Duck, Goldeneye, Smew, Goosander and Chinese Merganser.

● **Management Bureau of Sanjiang National Nature Reserve**, Fuyuan County 156500, Heilongjiang Province, P.R. China. TEL +86-454-2133077

<b>Mai Po and Inner Deep Bay *</b>	13 Jan 2001	22°30'N, 114°01'E	1,500
------------------------------------	-------------	-------------------	-------

The wetland regularly supports non-breeding flocks of > 20,000 Anatidae individuals, and is of international importance for the East Asian population of Common Shelduck; also supports thousands of individuals of duck species such as Eurasian Wigeon, Northern Pintail, Common Teal, and Northern Shoveler.

● **Agriculture, Fisheries and Conservation Department**, Hong Kong Special Administrative Region, Cheung Sha Wan Government Offices, 303 Cheung Sha Wan Road, Kowloon, Hong Kong, P.R. China. URL: http://www.afcd.gov.hk

*Korea, R.*

<b>Cheonsu Bay</b>	14 May 1999	36°40'N, 126°24'E	13,704
The Bay supports wintering flocks of 100,000 Baikal Teals, 58,000 Mallards, and 12,000 Bean Geese.	<ul style="list-style-type: none"><li>● <b>Forestry Division, Chungcheongnam-do Provincial Government</b>, 287 Sonhwa-dong, Chung-gu, Taejon 302-173, Republic of Korea.</li><li>● <b>Environmental Protection Department, Seosan-shi Official</b>, 492 Upnae-dong, Seosan-shi, Chungcheongnam-do, 356-020, Republic of Korea. *Japan*

<b>Kutcharo-ko *</b>	14 May 1999	45°10'N, 142°20'E	1,607
The Lake supports staging flocks of Bewick's Swan 16,000-22,000 and duck species 50,000-60,000 including Wigeon and Northern Pintail.	<ul style="list-style-type: none"><li>● <b>Hamatonbetsu Township Government</b>, Division of Commerce, Industry and Tourism, Hamatonbetsu 154, Hamatonbetsu, 098-5792, Japan. TEL +81-1634-2-2345 / FAX +81-1634-2-4766 / E-mail: <a href="mailto:hamaton@eolas-net.ne.jp">hamaton@eolas-net.ne.jp</a> / URL &lt;Japanese&gt;: <a href="http://www.town.hamatonbetsu.hokkaido.jp">http://www.town.hamatonbetsu.hokkaido.jp</a></li></ul>		
<b>Biwase-wan</b>	14 May 1999	43°05'N, 145°06'E	
The Bay supports staging flock of 100-120 Brent Goose.	<ul style="list-style-type: none"><li>● <b>Hamanaka Township Government</b>, Division of Agriculture and Forestry, 4-1-35 Higashi Kiritappu, Hamanaka, 088-1592 Japan. TEL +81-153-62-2111 / FAX +81-153-62-2229</li></ul>		
<b>Akkeshi-ko &amp; Bekambeushi-shitsugen *</b>	14 May 1999	43°03'N, 144°54'E	4,896
The Lake supports staging and wintering flocks of close to 20,000 individuals, including 2,000-3,000 Whooper Swan wintering flock while 10,000 individuals staging and ducks species of Mallard, Wigeon, Pintail, Common Teal, Northern Shoveler, Greater Scaup, Tufted Duck and Goosander.	<ul style="list-style-type: none"><li>● <b>Akkeshi Waterfowl Observation Centre</b> (Akkeshi Township Government, Division of Environment Policy), Ohbetsu 2-3, Ohtamura, Akkeshi, 088-1136 Japan. TEL +81-153-52-5988 / FAX +81-153-53-2121 / E-mail: <a href="mailto:bekan@marimo.or.jp">bekan@marimo.or.jp</a> / URL &lt;English&gt;: <a href="http://www.marimo.or.jp/AWOC/Welcome_eg.html">http://www.marimo.or.jp/AWOC/Welcome_eg.html</a></li></ul>		
<b>Kushiro-shitsugen *</b>	14 May 1999	42°59'N, 144°24'E	7,726
The Marsh supports staging flocks of 950 Thick-billed Bean Geese and 500 Middendorf's Bean Geese.	<ul style="list-style-type: none"><li>● <b>Kushiro City Government</b>, Environmental Policy Division, Kuroganecho 7-5, Kushiro, 085-8505 Japan. TEL +81-154-31-4594 / FAX +81-154-23-4651 / URL &lt;English&gt;: <a href="http://www.city.kushiro.hokkaido.jp/english/index.html">http://www.city.kushiro.hokkaido.jp/english/index.html</a></li></ul>		
<b>Miyajimanuma *</b>	14 May 1999	43°20'N, 141°43'E	41
The Lake supports staging flocks of 40,000 White-fronted Goose, and 20,000 swan and duck species including Whooper Swan, Bewick's Swan, Northern Pintail, Common Teal and others.	<ul style="list-style-type: none"><li>● <b>Bibai City Government</b>, Division of Environment, Nishi 3 Minami 1-1-1, Bibai, 072-8660 Japan. TEL +81-1266-2-3131 ext.2347 / FAX +81-1266-2-1088 / E-mail: <a href="mailto:magan@mail.city.bibai.hokkaido.jp">magan@mail.city.bibai.hokkaido.jp</a> / URL &lt;English&gt;: <a href="http://www.city.bibai.hokkaido.jp/miyajimanuma/21_english/21_engtop.htm">http://www.city.bibai.hokkaido.jp/miyajimanuma/21_english/21_engtop.htm</a></li></ul>		

<b>Otomo-numa</b>	14 May 1999	40°10'N, 140°04'E	60
The Reservoir supports staging flocks of Whooper Swan, Bewick's Swan, Middendorf's Bean Goose and White-fronted Goose.	<ul style="list-style-type: none"> <li>● <b>Noshiro City Government</b>, Division of Environment, Kamimachi 1-3, Noshiro, 016-8501 Japan. TEL +81-185-52-2111 ext.332 / FAX +81-185-89-1769 / E-mail: kankyo@city.noshiro.akita.jp / URL &lt;English&gt;: <a href="http://www.city.noshiro.akita.jp/eng/index-e.html">http://www.city.noshiro.akita.jp/eng/index-e.html</a></li> </ul>		
<b>Kabukuri-numa</b>	14 May 1999	38°37'N, 141°06'E	150
The Lake supports wintering flocks of 1,000 Middendorf's Bean Geese and 30,000 White-fronted Geese.	<ul style="list-style-type: none"> <li>● <b>Tajiri Township Government</b>, Division of Agriculture, Commerce and Industry, Tomioka 183-3, Numabe, Tajiri, 989-4308 Japan. TEL +81-229-39-1111 / FAX +81-229-39-3100 / E-mail: noushou@town.tajiri.miyagi.jp / URL &lt;Japanese&gt; <a href="http://www.town.tajiri.miyagi.jp/">http://www.town.tajiri.miyagi.jp/</a></li> </ul>		
<b>Shiroishi-gawa</b>	14 May 1999	38°02'N, 140°44'E	
The River supports wintering flocks of 400-450 Bewick's Swans and 100-150 Whooper Swans.	<ul style="list-style-type: none"> <li>● <b>Swan Society of Oh'gawara</b>, Oh'gawara Township Government, Division of Commerce, Industry and Tourism, Shinminami 19, Oh'gawara, 989-1295 Japan.
